

[I01] FF equipment has energy for operation time

[I03] Data about FF's environment are collected

[P01] BatteryLevel is determined

[A01] Battery drainage is optimal

[I02] FF::position is determined

[P03] FF::temperature is determined

[A02] Inaccuracy(FF::position) < 1.5m

[P02] FF::position is determined by GPS
